

Dear Chamber Members, Community Partners and Residents,

Few, if any of us, have lived through anything like we are living through now. We need to stay strong and rely on each other because together is how we are all going to get through this.

Like all of you, I have more questions than I have answers. Thankfully, I gain more answers and some clarity with each passing day.

Many of you have asked, “what is the Chamber doing for me now”. The information can be found on the website (www.carefreecavecreek.org). It is updated often as we get new information, or we discover a new way to disseminate the information instead of delivering it to you through a firehose.

I have been in constant contact with the Governor’s office and our National Congressional Delegates fighting for our small businesses, their families, their employees and the families of those employees so that we all get the support that we need. This endeavor will not stop! Each day there is progress. Some days the progress seems tiny, but it is progress.

Even though the Chamber office is closed for the next little bit, Chamber staff is still working and advocating for you from our homes. We are available during normal working hours. You can call the office at 480 488-3363 and leave a message (we are checking voice mail several times per day), you can call me on my cell at 480 528-8223 or you can e-mail us through our normal e-mails.

We want to hear from you! We are strong! We are smart! Together we get through this!

Respectfully,

Patty Villeneuve, President/CEO
Carefree Cave Creek
Chamber of Commerce
