

These are extremely hard times we are living through. I am looking forward to the coming days as our business community can re-open.

As businesses re-open our day to day landscape has changed and we need to be ready!

Do you know what is expected in your industry for sanitization? Will you have signage in place letting the public know you are clean, sanitized and have standard sanitization protocols in place to receive the public? Will you provide masks for your clients or customers or will they be required to bring their own? As an employer are you ready with protocols in place to protect your employees? Do the plans you have implemented meet CDC guidelines? These and so many more questions need to be answered industry by industry.

Please reach out to us with any questions you have. If we do not have an answer, we will find it for you quickly.

Let us get ready! Stay Strong! Stay Healthy!

Patty Villeneuve
